We can customize colours with pigments and create wonderfully creative designs. T.E.N pigments and gel are colourfast! They will not fade, or dull. They'll be as beautiful as the day you got them done. T.E.N is stronger than a soak off, for durable nails. T.E.N is only used as an overlay, we cannot sculpt or lengthen nails.

## Alternative Therapies

<b>Ionic Detox Foot Spa</b>	<b>\$40</b>
<b>Introductory</b>	<b>\$30</b>

Ionic cleansing is beneficial for: chronic fatigue, headaches and muscular pain, acid/alkaline balancing, proper metabolic, organ and glandular functioning, physical, emotional and mental well-being.

After your cleansing you will enjoy a brief foot massage and we will visually inspect the bath water for clues as to which systems of the body had released toxins. Many people experience a relaxing sensation throughout the cleansing and feel more energized afterward.

<b>Ear Candling</b>	<b>\$45</b>
<b>Introductory</b>	<b>\$30</b>

This is an ancient, natural technique of removing excess wax buildup and toxins from the ear canal. During the session a hollow candle made of beeswax and cotton is gently inserted into the ear. The top of the candle is lit and while the candle slowly burns, smoke enters the ear canal to warm and loosen wax. The flame creates a gentle vacuum effect that draws ear wax and candida yeast residue from past infections in to the candle. The session is very relaxing and ends with a gentle head and neck massage.
